

All My Fountains (Chris Tomlin)

This dry and desert land
life here search-search

I tell myself, "Keep walking on"
me tell self continue

Hear something up ahead
God You

Water falling like a song
bless bless

An everlasting stream
forever

Your river carries me home
Your Bible lead

Let it flow, let it flow
heaven

All my fountains
You inspire me

A flood for my soul
bless my soul

A well that never will run dry
You true God forever

I've rambled on my own
me travel alone

Never believing I would find
never believe me find

An everlasting stream
forever

Your river carries me home
Your Bible lead

Let it flow, let it flow
heaven

Open the heavens
open heaven

Come Living Water
Jesus come-into-heart

All my fountains
You inspire me

are in You

You're strong
You strong

like a river
same-same river Your love

is running through
come-into-heart

All my fountains are in You
You inspire me

Come on, and rain down on us Rain down on us, Lord
God get-into-heart

Come on, and rain down on us Rain down on us, Lord
