WELS Mission for the Visually Impaired

The Mission for the Visually Impaired (MVI) is a division of the WELS Special Ministries. Its purpose is to reach those who are blind (or have a visual impairment) with Christian literature.

MVI is supported financially by many contributions from individuals, those who personally use our services and support our mission, and also various WELS groups, including many LWMS circuits.

A display and a video program are available for you to present to your congregation, school, or organization. Someone from MVI may also be available to make a presentation. If you would like to make a request for the display or presentation, please send your request to the address below.

All materials are available free of any costs, including postage.
